

## Chatsworth Longest Day of PLAY 2012

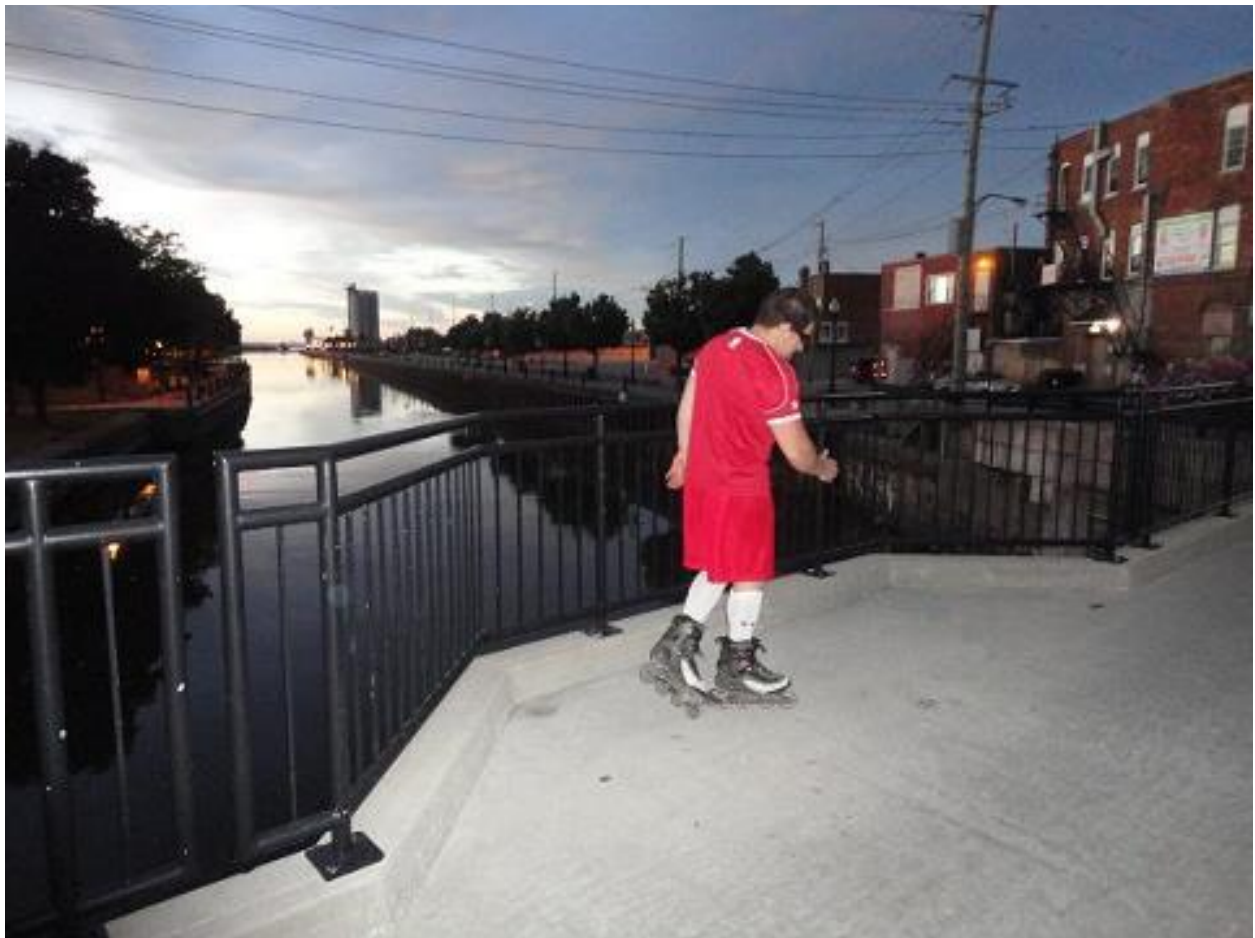

For the Township of Chatsworth it was business as usual on the Longest Day of PLAY. Whereas Council and staff participated in a baseball game in 2011, lawn bowling was the game of the day in 2012.

Holland Centre Community School also participated in the challenge this year by hosting PLAY activities throughout the day.

One additional story of interest was the involvement of local resident Joshua Eriksen. Joshua, resident of Chatsworth, made a commitment to do his part to increase Chatsworth's totals from 2011 by, taking the day off work and, accumulating as many PLAY hours as possible. Josh travelled throughout Grey Bruce partaking in many forms of physical activity including weight lifting, sprinting, rock climbing, rollerblading and cardio-boxing.

Josh rollerblading along the Owen Sound harbour, just prior to sunset, in his journey to accumulate 12 hours of activity on the Longest Day of PLAY. Thanks Josh for your support!
